FINDER

Eleven questions between you and your distro

Device, experience, priorities, quirks — the quiz listens to all of it and ranks all 42 distros for you.

YOUR PERFECT MATCH

Linux Mint

The classic Windows-like desktop done right

Ubuntu · Absolute beginner · Point release · apt packages

Gentle learning curve

One of the friendliest Linux starts you can pick — it matches how new you are to this.

Works out of the box

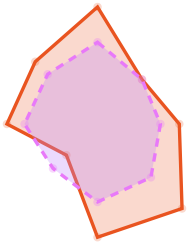

Codecs, drivers, and everyday apps arrive preinstalled — no scavenging after install.

Windows-like comfort

The layout and workflows map closely to Windows, cutting the switching cost.

TRAIT ALIGNMENT

You vs Linux Mint — 8 of 17 traits shown

You — from your answers Linux Mint

YOUR STRONGEST ASKS

Windows familiarity	100
Ease of use	65

50 is neutral. The dashed polygon is you; the solid one is Linux Mint. Where they overlap, the match runs deep.
